

The ZEST Anchors CHAIRSIDE™ Product Portfolio Grows Larger

Escondido, CA – (March 18, 2015) – ZEST Anchors continues its innovative path of providing product solutions that enhance outcomes for both clinicians and patients with the expansion of the CHAIRSIDE Product Portfolio.

The success of CHAIRSIDE Attachment Processing Material, launched last July, reinforced that dental professionals will embrace innovative products for overdenture applications. CHAIRSIDE Products encompass a series of dental tools and materials that provide an end-to-end solution for implant-retained overdenture modification and processing. ZEST is pleased to introduce the latest advancement in the CHAIRSIDE Portfolio - the CHAIRSIDE Denture Prep & Polish Kit, consisting of all the instruments dental professionals need for the efficient and accurate pick-up of Denture Attachment Housings. This kit includes a customized CHAIRSIDE Recess Bur, specifically designed by ZEST Anchors to quickly and easily prepare the exact size recess for the LOCATOR® and SATURNO™ Denture Attachment Housings (Denture Caps).

For more information about the CHAIRSIDE Denture Prep & Polish Kit, please visit www.zestanchors.com or call ZEST Anchors Customer Service at 800-262-2310.

About ZEST Anchors, LLC

ZEST Anchors is a global leader in the manufacturing and distribution of dental solutions for the treatment of edentulous patients. For more than 40 years, ZEST Anchors has led the way in the overdenture market, receiving worldwide acclaim for pioneering the pivoting and self-aligning design of the LOCATOR Attachment System. Interface compatible with more than 350 implant products, LOCATOR is globally distributed in more than 45 countries. ZEST Anchors continues to build on its solid foundation and commitment to its customers by consistently introducing new product innovations, giving clinicians the tools to provide world-class overdenture therapy to their patients. Two such product introductions: the LOCATOR Overdenture Implant (LODI) System – the first of its kind narrow diameter implant system with a detachable LOCATOR Attachment. And, CHAIRSIDE® Attachment Processing Material designed for ease of use and predictability when processing denture caps and other attachment components into overdentures. ZEST Anchors is located in Escondido, California and has global distribution through OEM implant companies and distributor networks.
